Administration of the control of the contributed that the amendment to the Constitution was not legally adopted, because it was not entered on the journals of both houses of the Legislature, and that the originst Yrooman act is still in force. Two other members held that the amendment was legally adopted, and that the second Yrooman act is still in force. Two other members held that the amendment was legally adopted, and that the second Yrooman act is in force. The opinion of two others was that the charter of Stan Francisco is still in force, which would seem to set at naught the constitutional amendment, Yrooman acts and all, and there is a pretty medicy! With the diversity of opinion in the Supreme Court there is no decision at all, and the unfortunate cities of the State are left with their hands tigd, as regards improvements.

TO BE GIVEN AWAY MILLINERY SHADE HA

Seventy-five Elegant Lots in the NORTON TRACT

EASY TERMS. Lots will be sold at private sale and final distribution take place publicly on the tract.

A uniform scale of prices will be maintained upon each and every lot, payments thereon being made monthly until paid for, as follows: \$30 cash down and \$30 per menth until paid for.

DISTRIBUTION Of lots is set for December 24, 1886 (Christmas Eve), at 2 o'clock p m.

Manner of Distribution. The first name drawn entitles that person to the residence and the two lots upon which it stands, value \$3000. Subsequent names drawn entitle the parties to a choice of the remaining lots.

The twenty-fifth name drawn secures, in addition to a lot, a Henry F. Miller plane, value \$530.

The fiftieth name drawn secures a lot, and in addition thereto a horse, buggy and harpess, value \$400.

PURE WATER In abundance, now being used by resident families. Each lot will double in value within one year. The San Gabriel Valley Railroad has a station but three minutes walk from the tract.

PRICE OF EACH LOT \$180. Deferred payments without interest. Many of these lots are valued at \$250, \$300 and \$350 each. These lots are in the Norton Tract, being a portion

Noted Highland View Tract.

Parties can visit the tract by bus or by the L. A. and S. G. V. R. R. trains, which pass it six times daily; but a far more pleasant trip can be made by private conveyance, fifteen minutes' diver from the Peatoffice.

The celebrated Prospect Avenue, six miles long, traverses this tract, and the outlook from it at this point upon the surrounding suburban homes, the adjacent hills and distant mountains is unsurpased.

It commands a view of Paasfens, Sierra Madre Villa, San Gabriel Valley, Raymond Hotel, San Fernando Valley as far as the eye can reach, and the coem in the distance, as well as a nearer and more perfect view of the City of the Angels.

According to our project, the superior inducements are manifest, since there are fewer lots than might be expected, together with lower and better terms than any preceding investment proposed to the public.

Owners will transact all business with the respective parties purchasing. Pemisses open to the fullest inspection at all hours of the day; all questions courteously answered and particulars clearly set forth.

Lots vary in puse from 30 to 70 feat treats he 30 to 175 feat.
